

# UETDRMP006

## Perform pole top rescue

### Aim

This one-day or half-day training course will provide participants with the skills and knowledge to perform a safe and effective pole top rescue in accordance with industry requirements.

### Recommended For

Ground workers responsible for assisting a lineworker who is working on or near energised conductors or working on de-energised conductors at the pole top.

### Prerequisites

Persons nominating for the training must be confident in climbing a ladder to a height of seven metres.

### Relationship to Training Package

This training aligns to the unit UETDRMP006 Perform pole top rescue from the UET Transmission, Distribution and Rail Sector Training Package.

### Details

**Code:** UETDRMP006

**Duration:** 1 day (new training) or ½ day (refresher training)

**Max No:** 8 participants

**Fee:** Contact ESS

**Payment:** Clients will be invoiced on completion of the training. Payment is required within 14 days of the completion of the training unless other arrangements have been agreed to by Energy Skills Solutions.

**Dress:** Minimum personal protective clothing and equipment for the training includes:

- Personal Protective Clothing (Industry approved)
- Personal Protective Equipment
  - Safety helmet
  - Safety glasses
